Subject: REU Program at KU (H)

Hello!

The Department of Chemistry at the University of Kansas is seeking applicants for its summer 2017 NSF-REU Program for undergraduates. We ask that you please distribute this email announcement to chemistry faculty/students or post the attached accordingly – Thank you!

The University of Kansas Seeks Participants – Apply Today!

Summer Research Experience For Undergraduates (REU) Program in Chemistry

The National Science Foundation will fund ten (10) undergraduate students who have completed at least their freshman year in college but have not yet graduated.

REU researchers will gain hands on experience in a collaborative atmosphere, engage in cutting edge research on a project of your choice, take advantage of a career enhancement program addressing career opportunities & challenges in the emerging interdisciplinary field of green chemistry. The 2017 Program:
Starts – May 22nd Ends – July 28th Application Deadline – March 3rd

Participants will receive a \$5,000 stipend, housing and a meal plan for 10 weeks, as well as a travel allowance!

For more information contact

David Benson, Program Coordinator - drb@ku.edu
Elaine Knight, Program Secretary – eknight@ku.edu

Program descriptions and online application can be found at
<http://chemreu.ku.edu>

Minorities & students with disabilities are strongly encouraged to apply!
