

REU in Chemistry

Case Western Reserve University

Summer 2017

May 30 – August 4

Are you interested in gaining hands-on experience with a focus on Energy and Materials or Chemical Biology? Apply to the 2017 NSF REU in Chemistry program at CWRU!

Spend 10-weeks in the cultural center of Ohio working alongside world-class mentors. Receive a stipend of \$5,000 with housing provided.

Application Deadline: March 15, 2017

For more information and to apply go to chemistry.case.edu/reu

Questions? Contact cwruchemreu@gmail.com

This program is supported by the Division of Chemistry at the National Science Foundation
Co-Directed by Prof. Blanton Tolbert and Prof. Emily Pentzer
