Subject: Mini-Semester at Oak Ridge National Laboratory accepting applications through December 4

ORNL Mini-Semester now accepting applications!

*Are you an **undergraduate** or **recent graduate** interested in learning more about the cutting-edge research at **Oak Ridge National Laboratory**?*

Apply today!

Highlights

- Selected students spend 2.5 days on-site at ORNL learning about research opportunities.
- Students interact with researchers, attend scientific seminars and participate in facility tours.

Eligibility

This program is designed for underrepresented students in STEM; however, anyone can apply. Students must meet the eligibility requirements and apply for either the [Community College Internships \(CCI\)](#) or [Science Undergraduate Laboratory Internships \(SULI\)](#) programs. Both opportunities are paid internships at ORNL for the summer 2020 term.

Application deadline

December 4, 2019, at 3:00 p.m. Eastern Time
