Subject: Closing soon: Watermark Scholarship for Women in STEM

Please share with your students: The application period for the Watermark Scholars program is closing soon!

Watermark is offering two \$5,000 women in STEM scholarships for the fall 2021 academic term to provide much-needed support for college students pursuing Science, Technology, Engineering, or Mathematics (STEM)-related studies and careers. The deadline to submit entries is **July 15, 2021**, and awardees will be notified in August. For official rules and to apply, students should visit [this page](#).

To participate in the Watermark Scholars program, applicants are asked to submit either a written essay, up to 500 words, or a short video on the topic of “Who has inspired you to pursue a career in science or technology, and what do you want to achieve upon graduation?” We’re looking for students who have been inspired by recent events and changes in learning and want to make a difference in their careers!

Please share the scholarship program link on your institution’s website and with the appropriate internal resources: <https://www.watermarkinsights.com/watermark-scholars/>.
