Subject: FALL 2021 Professional Opportunities for the Student Workforce to Experience Research Program (HS-POWER)

Calling ALL STEM MAJORS!!

Interested in hands on learning from subject matterexperts within the U.S. Department of Homeland Security?

The U.S. Department of Homeland Security (DHS) Science and Technology Directorate Office of University Programs sponsors the Professional Opportunities for the Student Workforce to Experience Research Program (HS-POWER) for undergraduate and graduate students. HS-POWER is open to students majoring in a broad spectrum of homeland security related science, technology, engineering and mathematics (STEM) disciplines as well as DHS mission-relevant research areas.

Benefits:

Weekly Stipend

\$600 Undergraduate

\$700 Graduate

Additional benefits as determined by specific project location and requirements

Details:

10 week appointments with start dates beginning in Fall of 2021

Virtual placement is available

In response to the evolving situation related to the COVID-19 pandemic, hosting sites may modify their operation schedules and access to facilities to ensure the health and safety of their entire workforce while maintaining operational effectiveness. Hence, the appointment dates and location are subject to change contingent on host site availability and may result in a virtual placement.
