**Subject:** Share Your Expertise With 6-12th Grade Students During Carnegie Science Center's Brand New Hybrid SciTech Days!

**Carnegie Science Center's STEM Education Team would like to invite you to share your professional experience and expertise with middle and high school students during our brand new, hybrid SciTech Days!**

SciTech Days connect middle and high school students with real-world scientists, engineers, tradespeople, and other professionals that represent a wide array of STEM fields and career opportunities. And, this school year we are switching things up a bit by making SciTech Days a hybrid in-person and virtual year-long affair! That's right, this year we will be hosting one themed SciTech Day per-month, beginning this October 2021 and running all the way through May 2022. Our 2021-2022 SciTech Days themes currently include:

- **Plants & Botany** (Friday, October 15, 2021)
- **Space Travel & Astronomy** (Friday, November 19, 2021)
- **Flight** (Friday, December 3, 2021)
- **Health & the Human Body** (Friday, January 21, 2022)
- **Our Rivers** (Friday, February 18, 2022)
- **Animals & Local Wildlife** (Friday, March 18, 2022)
- **Computer Science** (Friday, April 15, 2022)
- **Sports** (Friday, May 20, 2022)

With that said, we are actively looking for several STEM-oriented organizations and individual professionals that are currently working in the aforementioned fields and/or related industries to help us provide the following content during SciTech Days:

#### **SCITECH DAYS OPPORTUNITIES:**

- Exhibitor Tables (@ Carnegie Science Center)
- Career Connection Panels (@ Carnegie Science Center)
- 20-Minute Flash Workshops (@ Carnegie Science Center)
- Prerecorded Digital/Virtual Content (Online)

Presenters are also welcomed and encouraged to participate in multiple SciTech Days opportunities throughout the day as well as the year. For additional details regarding SciTech Days opportunities

and/or to register to participate in one or more of our upcoming SciTech Days, please visit the SciTech Days 2021-2022 Google Registration Form [here](#)!

If you have any additional questions regarding SciTech Days or any of the Carnegie Science Center's STEM Student Programs & Competitions, please do not hesitate to reach out to Ms. Lorren Kezmoh, STEM Programs Coordinator, at [KezmohL@CarnegieScienceCenter.org](mailto:KezmohL@CarnegieScienceCenter.org). We hope to see you at SciTech Days!

Kindest Regards,

**Lorren J. Kezmoh, M.Sc.**
