Subject: Vanderbilt Summer Research Experience for Undergraduates Program in Chemistry

VANDERBILT
College of Arts and Science

Apply by March 15, 2022!

The Department of Chemistry at Vanderbilt University welcomes applications from undergraduates to participate in our REU in Chemical Biology, funded by the National Science Foundation (NSF REU). Rising sophomores, juniors, and seniors are encouraged to apply, with a deadline of March 15, 2022 to join us in Nashville May 31-August 5, 2022. Students receive a stipend of \$6000 for the 10-week program, and the program will assist with housing arrangements.

Apply to Vanderbilt NSF REU at
