Subject: ACS MRS Spring 2023 Abstract

Dear Chemistry Graduate Students,

I'm writing to encourage you submitting an abstract for the ACS and MRS Spring 2023 meeting (please **do** check with your advisor prior to the submission). Going to a conference not only helps you polishing your presentation skills but is also an excellent opportunity of networking for your future academic and industrial jobs. You will get the chance to meet your future postdoc advisor in person; many companies offer on-site interviews at these conferences.

In addition to using your advisor' grant support, there are a number of internal and external funds to support your conference travel:

1. Dietrich school has resumed the conference grant program for graduate student presenters attending both virtual and in-person conferences. See: <https://www.asgraduate.pitt.edu/financial-support/conference-grants-during-covid-19>
2. GPSG program provides support for conferences presenters: <https://gpsg.pitt.edu/services/travel-grants/>
3. Pittsburgh ACS local chapter offers travel grant to ACS meetings: <https://pittsburghacs.org/outreach/travel-grants/>

Spring 2023 ACS meeting abstract submission: https://www.acs.org/content/acs/en/meetings/acs-meetings/spring-2023/presenters/submit-an-abstract.html?sc=221006_mtg_em_SPR23_memB_od @ Indianapolis, **deadline: Oct 17th**

Spring 2023 MRS meeting: <https://www.mrs.org/meetings-events/spring-meetings-exhibits/2023-mrs-spring-meeting> @ San Francisco, **deadline: Oct 27th.**

Haitao Liu
Professor of Chemistry
Director of Graduate Studies
University of Pittsburgh
