Subject: Re: City High Graduation Project Presentations Invitation

Dear Wonderful City High Volunteers and Friends:

You are invited to participate as a panelist for our Senior Graduation Project Presentations. We will hold afternoon sessions only. We will also provide light refreshments during the open session.

Graduation Projects are capstone projects, where students utilize the skills they've developed in their content, information literacy and technology classes at City High.

ADDITIONAL INFORMATION: Presentations will be delivered in two different formats: a digital presentation or a poster presentation session. In both cases, you will be able to view 2-4 different presentations

After each presentation, we ask that you question students about their project, their process and any challenges that they may have faced. You will be given a grading rubric to evaluate each student's presentation. Topics include health concerns, social issues, hobbies, career investigation and many more.
