Subject: King's College London Exchange Open

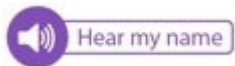

Once again, our International Exchange opportunity with King's College is available to Math, Chemistry, and Physics and Astronomy students. This is highly competitive and prestigious.

The King's College London exchange is now open. The updated Fact Sheet is attached to this email. The Pitt application deadline is Feb. 27th. After you have applied through us you will be notified of selection on March 10th. Here is a link to the guide for application to the King's website. This **CANNOT** be done unless you have been accepted. I send this so you can see the letters of recommendation required and get a better knowledge of the process. King's [application guidance](#) to read before applying as this will explain everything you will need to do after selection from Pitt. Failure to read the guidance will result in delays in your application being processed.

If you would like to apply, you will need to email me so I can create an application. This process is specific to this program. In addition, it should be noted that classes end Dec 15th but online exams will be from Jan 1-12th.

Sincerely,
Dr. Alfonso Wells

Shawn Alfonso Wells (PhD)
